## PETER PINDER.

The Fourth of July was duly observed in this little town by a show of the Gipsies and Indians, also a cart full of rather outlandish looking musicians, whose physiognomies were rather like to read that their music was nice. Then marching to Plummer's Grove to the East Waterford Brass Band came with much music and singing with organ accompaniment was cheering and satisfactory. The declamations and recitations were rendered with pleasing effect, especially that of Master Charlie Wilson, a young lad of seven years, whose declamation is the first order. The dinner was excellent and the most excellent of all the excellencies of the day was the discourse on temperance in the afternoon by Rev. Mr. Robinson, pastor of the M. E. church. A game of base ball was played at 8 o'clock p. m. between the Bridgton Sweden boys, which resulted in a narrow score for the Bridgtons than for Sweden. This evening the days' entertainment here although a wheelbarrow and a sack race were in the prospective program.

The board machine is now running in earnest, doing more and better work than ever before. The thorough repairing of the engine with shortening of the wheels has given more power, and steadier running. It is apparent to all who saw its workings before the fire. And the repair work, Mr. Bennett has a better plan for bus-work than he ever had before either by steam or steam power and will be running the works with water power nearly all the year by building in the part of the old dam water wheel and putting in a water wheel.
